Subject: am cranking on alternatives, but today at mgmt meeting and subsequent ML meeting....
Attachments: Analysis Plan_June_2018.docx

....there was identified the need to put dates next to each item in the analysis plan for a Nancy meeting on 6/18 (and we need to give to OPPT IO this Thursday (6/14)...

I cut and pasted the analysis plan into a separate document (attached).

Sorry I cannot participate in 11 am (have a noon meeting with Nancy today).

The other issues discussed:

- Salesforce report on milestones/timeline (I am not sure how to do this, not sure you do either – we can ask for help on this)
- SACC profile (to be done for 1,4-dioxane and PV29...we don't have to worry yet)
- Peer Review schedule for SACC = revised came out and others were pushed back; asbestos still set for May (see snapshot below) – no need to mention yet....
